The Department of Asian American Studies at San Francisco State University is deeply saddened by the passing of Honorable Mayor Ed Lee, the first Asian American mayor of San Francisco. We wish to express condolences to his wife Anita and daughters Brianna and Tania Lee. Mayor Lee was a historic figure coming to civic leadership from a community activist background. - **7. AAS Faculty Eric Pido Book Reading, Migrant Returns, Friday, November 3, 12-1pm, EP 116**

On Friday, November 3rd from 12 noon-1pm the Asian American Studies Department will be celebrating recently published book. *Migrant Returns*, by AAS faculty Eric Pido.

In *Migrant Returns* Eric J. Pido examines the complicated relationship between the Philippine economy, Manila's urban development, and balikbayans—Filipino migrants visiting or returning to their homeland—to reconceptualize migration as a process of connectivity. Focusing on the experiences of balikbayans returning to Manila from California, Pido shows how Philippine economic and labor policies have created an economy reliant upon property speculation, financial remittances, and the affective labor of Filipinos living abroad. Now as the initial generation of post-1965 Filipino migrants are beginning to age, they are encouraged to retire in their homeland through various state-sponsored incentives. Yet, once arriving, balikbayans often find themselves in the paradoxical position of being neither foreign nor local. They must reconcile their memories of their Filipino upbringing with American conceptions of security, sociality, modernity, and class as their homecoming comes into collision with the Philippines' deep economic and social inequality. Tracing the complexity of balikbayan migration, Pido shows that rather than being a unidirectional event marking the end of a journey, migration is a multidirectional and continuous process that results in ambivalence, anxiety, relief, and difficulty.

*Migrant Returns* will be available for purchase at the event.

Refreshments will be served.

- **9. M. Evelina Galang, Filipino Women Living with War, Monday, October 9, 12:30pm-2:00pm, Towers Conference Room**

Author M. Evelina Galang visits San Francisco State University on October 9th to discuss her latest book, *Lola's House: Filipino Women Living with War*. *Lolas' House* tells the stories, in unprecedented detail, of sixteen surviving Filipino "comfort women." During World War II more than 1,000 Filipino women and girls were kidnapped by the Imperial Japanese Army. They were taken from their homes, snatched from roadsides, and chased down in fields. Overall the Japanese forced 400,000 women across Asia into sexual slavery. M. Evelina Galang began researching these stories in the 1990s as 173 lolas, "grannies" in Tagalog, emerged after decades of shame and silence to demand recognition and justice from the Japanese government.

Author M. Evelina Galang has been named one of the 100 most influential Filipinas in the United States and at-large by the Filipina Women's Network. She is the author of the story collection *Her Wild American Self*, novels *One Tribe*, and *Angel de la Luna and the 5th Glorious Mystery*, and the editor of *Screaming Monkeys: Critiques of Asian American Images*. Among her numerous awards are the 2004 Association of Writers & Writing Programs (AWP) Prize for the Novel and the 2007 Global Filipino Literary Award for *One Tribe*. Galang directs the MFA Creative Writing Program at the University of Miami and is core faculty and board member of Voices of Our Nation Arts Foundation (VONA).

According to Mr. Tamayo, Asian American Studies at SFSU had a profound impact on shaping his commitment to social justice starting with the Filipino community, broader Asian-American community and into immigrant rights. He states:

*After I had spent my first two years of college as a professional musician in a Top 40 soul band gigging 2-4 nights a week, I decided to focus on school and see how I could "help the community" that AAS classes were giving me a framework to understand. AAS Professor Dan Gonzales encouraged me to become the President of Pilipino American Collegiate Endeavor (PACE) in Fall 1973. VP Dennis Ubungen (now a CCSF counselor) and I led the efforts to address the 43% drop out rate of Filipino EOP students by directing a campaign of organizing, petition drives, press work, community forums, meetings with the administration, etc. to demand that SFSU hire a bilingual, bicultural Filipino counselor. The successful year-long campaign led to the 1974 hiring of counselor Albert Reyes who stayed at SF State for 30 years and helped hundreds if not thousands of Filipino students graduate. That campaign showed me that I liked collecting data, forming arguments, confrontation, public speaking and organizing people, and led me to consider law school. Professors Dan Begonia and Dan Gonzales played instrumental roles as advisors to PACE and as mentors to me. Additionally, the courses in AAS – Pilipino History, Asian Americans and the Law, etc. were instrumental in opening my eyes and giving me direction.*

- **22. Angel Island Community Service Learning engages AAS students**

On May 7, 2017, the Asian American Studies Department, in conjunction with TACT (The Association of Chinese Teachers) and the San Francisco Main Public Library, held our 5th annual Asian Pacific Islander American Heritage Month Celebration at the Main Library. The event was titled "American? Angel Island Immigrant Voices." Because this year's theme focused on the Angel Island Immigration Station, AIISF (Angel Island Immigration Station Foundation) was added as a cosponsor, along with the Square and Circle Club that showcased their members' ancestors who were detained at the station. Students from AAS 510.01, 512.01, 512.02, and 512.03 worked year-round in 2016-17 on this APIA Biography Project as their Community Service Learning activity. They did research, drew detainee portraits, and created curricular activities on the history of the station at Angel Island, all of which were used to put together a public community-based event to commemorate APIA history and contributions. Their work is also available to K-12 teachers and students at no charge. A total of thirty students had volunteered at the event, and over 200 people showed up, 58 of them being children ages twelve and under. For more information

- **30. AAS Loses a Champion, Leader, and Mentor**

Philip P. Choy (1926-2017)

Known by the Chinese American community as the “Grand Historian,” Philip P. Choy was recently dubbed the “Dean of Asian American Historians” by the San Francisco Chronicle (March 18, 2017). Before the existence of Ethnic/Asian American Studies, Phil was already a walking encyclopedia on Chinese American history. Credited for co-teaching the first college-level Chinese American history course in the nation at San Francisco State in 1969, Phil was the main instructor who inspired countless students to become teachers and activists. In addition to teaching, researching, and writing, he advocated everywhere for Asian America’s place in American history. He fought in political meetings and wrote case reports to preserve many Asian American historical sites. He was president of the Chinese Historical Society for six years and the mastermind behind its building and museum. Defiantly, Phil became “notorious” in 1969 when, against the advice of his own community and standing alone at the Transcontinental Railroad Centennial, he openly challenged America and the organizers for omitting any mention of the Chinese who helped to build the railroad.

After Phil retired, he returned to the Asian American Studies Department as adjunct professor. He was the docent for many of our field trips to Angel Island, Sacramento, and the California Mother Lode. He also presented at the department's conferences and attended our Chinese American history study tours in China with the students. At a time when there were no AAS textbooks, Phil co-authored two classics, *A History of the Chinese in California: A Syllabus* (1969) and *Outlines: History of the Chinese in California* (published in 1971 by the AAS Department). Phil was also the host/narrator and main driving force behind *Gum Saan Haak* (1974), the first extensive documentary ever produced on Chinese American history that aired on television in six nights, thirty minutes per episode. More recently, Phil co-authored *The Coming Man: 19th Century American Perceptions of the Chinese* (1994), and wrote *Canton Footprints: Sacramento's Chinese Legacy* (2007) and *San Francisco Chinatown: A Guide to Its History and Architecture* (2012).

In *At 40: Asian American Studies at San Francisco State* (2009), Phil reflected:

Now, forty years after the Strike at San Francisco State, we have validated our presence in America without yielding to Anglo American dominance. We have reclaimed our history, defined our own identity, and shaped our own destiny. Now, forty years later, we have a piece of America's apple pie, baked by our own bakers. I never dreamed I would witness these changes in my lifetime. Participation in the Movement, and teaching at San Francisco State, are milestones in my life.

In 2005, Phil received the SFSU President's Medal, the highest honor a CSU president can bestow upon an individual.

A memorial service for Phil will be held Sunday, April 23, 2017, 1:00 p.m., on Treasure Island at the site of the 1939 Golden Gate International Exhibition (1 Avenue of the Palms).
